I was close to You  
| Bb |  
I was close to You

F  
Carry me back to that moment in time  
| Dm7  
When the colors and fragments were beautifully bright

How I long for You  
| Bb  
How I long for You

'Cause out here in the dark  
| F | Bb  
Underneath a canopy of stars  
| F | Dm7  
Constellations falling from Your heart  
| F  
They tell me that I'm not alone  
| Bb  
'Cause honestly, I'm so alone

## VERSE 2

| F | Dm7 | F | Bb |

Promise me I'm not alone—

F  
How many miles does my soul have to drive

| Dm7  
Before love can collide with the mess in my life?

| F  
That's not hard for You

| Bb  
That's not hard for You

| F  
'Cause You see through spectrums of darkness and light

| Dm7  
But I'm losing my way, and I'm losing my mind

| F  
I can't see the truth

| Bb  
Help me see the truth

### CHORUS

| F | Dm7  
Cause out here in the dark

| F | Bb  
Underneath a canopy of stars

| F | Dm7  
Constellations falling from Your heart

| F  
They tell me that I'm not alone

| Bb  
'Cause honestly, I'm so alone

| F | Dm7  
But promise me I'm not alone, oh

| C | Bb |  
Promise me I'm not alone—

### VERSE 3

When I felt the light of the moon on my face

| Dm7  
The memory of sun that been shining for days

You've already been in this desolate place

| Bb  
You've already been here, and You've made a way

F |  
Pinpricks of glory strung out across the sky

Dm7 |  
Memories of darkness undone by the light

F  
Reminding me You are right here by my side

| Bb

You're here by my side

|

You're here by my side

### CHORUS

F | Dm7

Out here in the dark

| F C | Bb

Underneath a canopy of stars

| F | Dm7

Constellations falling from Your heart

| F

They tell me that I'm not alone

C | Bb

I know that I'm never alone

| F

'Cause You find me and bring me back home

And I'm never alone, never alone

Never alone, never alone

Bb | F

Never alone out here in the dark
