Verse 1

F | F |
When your mind is a mess, so is mine,
| Bb | Bb |
I can't sleep cause it hurts when I think
| Gm |
My thoughts aren't at peace
| Gm |
with the plans that we make
| Bb |
chances we take
| Bb |
they're not yours and not mine

| F |
There's waves that can break
| F | Bb |
All the words that we said and the words that we mean
| Bb | Gm |
Words can fall short, can't see the un-seen
| Gm | Bb |
Cause the world is awake, for somebody's sake, now
| Bb | F |
Please close your eyes woman, please get some sleep

Chorus

| F |
And know that if I knew all of the answers
| F | F |
I would not hold them from you
| F |
know all of the things that i'd know
| F | Gm |
we told each other "there is no other way"
Gm |
(mm mm)

Verse 2

F | F |
Well too much silence can be misleading
| Bb | Bb |
You're drifting I can hear it in the way that you're breathing

| Gm | Gm
We don't really need to find reason

| Bb | Bb |
Cause out the same door that it came well it's leaving, it's leaving

F | F
Leaving like a day that's done and part of a season

| Bb | Bb
Res-olve is just a concept that's as dead as the leaves

| Gm | Gm
But at least we can sleep, it's all that we need

| Bb | Bb | F
When we wake we will find Our minds will be free To go to sleep

Chorus

F | F | F
And know that if I knew all of the answers

| F | F | F
I would not hold them from you

F | F
know all of the things that i'd know

| F | Gm | Gm |
'cause we told each other "there is no other way" (mm mm)
