VERSE 1
| Cm | Ab
From the moment that I rise, I got blue skies

Chasing down those storm clouds in my way

And everything starts with me giving Thanks

The over flow, Of a grateful soul
| Eb | Bb
Unlocks the doors, And lets praises roar

I can't help but thank You Lord for every blessing
| Eb | Bb
You pour over me, over me, over me

I can't help but dancing like a fool

Be cause of how you set me free
