G              C                G         C
  We're going to ride out in a country kind of silence
G
C                   G       C       G       C
  We're going to ride out in a country silence
G     C           G       C
        One fine morning
                                    G
Yeah, it's all coming back to me now
C                                  G  C
   My apocalypse!    My apocalypse!
G                       C           G
  The curtain r--o--o--o--o--o--o--se and burned in
    C
the morning sun
G                       C           G
  The curtain r--o--o--o--o--o--o--se and burned in
    C           G
the morning sun
C          G
  And the mountains
C          G          C
  And the mountains
           G               C    G
bowed down  in the morning sun
       C       G        C    G
Like a ballet       of the heart
                    C
Yeah the mountains bowed down
G              C               G   C
Like a ballet       in the morning sun
