VERSE 1

C | F |
..Sun on my face, nowhere to be
| A |
Old friends calling out to me
| Dm |
Windows down, singing loud
| Bb |
Like we figured something out
| F |
People dancing by the park
| A |
Music floating through the dark
| Dm |
Every little thing just fits
| Bb |
Nights like this are hard to miss
| Gm Dm | C \ |
No holding on.. just moving with..it..

CHORUS

| Bb F |
These are the golden days
| C | Dm |
The kind we're gonna miss..some day
| Bb F |
Laughing hard, staying..out late
| C |
Living like the world..can wait..
| Bb F |
Every little thing feels right
| A Dm |
Like we got nowhere else..to..night
| Gm F |
These are the golden days
mute \ | mute \ Bb \ F \ \ |
Wish they could always stay-

Bb F | C \ \ Dm \ C \ | Bb F |
(Whistle)...

VERSE 2

...Warm air drifting through the trees
| A |
Talking easy in the breeze

Nothing special, nothing planned
| Bb |
Still, the best nights always land
| F |
Someone shouting from across
| A |
Running bare-foot through the grass
| Dm |
Looking 'round and taking in
| Bb |
Every thing we're standing in
| Gm Dm | C \ |
No counting time.. no thinking twice
