VERSE 1

After all this time after all of this
season, after your own decision
to go to the water for a reason.
It's only the ocean and you..
And all of this lines Will all be
erased soon. They'll go out with
the tide and come back with the
waves. It's only the ocean and you

CHORUS

You don't want. You don't wait.
You don't love. But you don't hate
You just roll over me..
And you pull me in..
And you pull me in..
And you pull me in.

VERSE 2

When this work is done and this coat
is dry. When this world's too much
It will be
It's only the ocean and me.
When this sails go up, mountains fade
away. Stars come back, I'm finally free
It's only the ocean for me

CHORUS

You don't want. You don't wait.
You don't love. But you don't hate
You just roll over me..
And you pull me in..
And you pull me in..
And you pull me in.
