VERSE 1

The hills make me wanna run and
play, Every-time I think of you--u
And I wanna go up and sit right
down and look at the ocean, so
blue. I wanna feel the breeze,
blowin' in my face and let all things
hang loose.——Whisper your name
Feel no pain. Relax and
cruise——

CHORUS

This is the life, the life I was given.
This is the life, I love country livin'
This is the life, the life meant for
me and you. So I-hope you get to
live it too——Yeah
...And I hope you get to live it too

VERSE 2

I wanna get on my bike and ride
that red dirt road. From the cane
fields to the shore. I wanna skip

stones, with my cousins as the
ahi skim the ocean floor. And as
the sun goes down And the moon
goes up, I can see the stars
(see the stars)
As we sit by that fire be-neath our
shack And jam our guitar
ars

CHORUS

This is the life, the life I was given.
This is the life, I love country livin'
This is the life, the life meant for
me and you. So I-hope you get to
live it too——Yeah
...And I hope you get to live it too

BRIDGE

Take the time, to un-wind
And let the island sooth your soul
Feel the music every-where
And let Aloha take con-trol
'Cause I can see the pain in your eyes
From the pressures of to-day
Open your eyes, we're in paradise
And throw them all away

CHORUS
